The operator will take brief details of your emergency and our on-call manager will be paged. The manager will call you back as soon as possible. If you have placed such an emergency call, please wait by your phone and leave the line clear for us to return your call. Please note that we will take no action on any emergency unless we have first talked to the person placing the call.

Please also note that emergencies include: fires, broken water pipes, stuck garage door and other such general community situations that require urgent attention. Owners will call 911 prior to contacting AWM for incidents of fire, severe flooding (water escape), earthquake, human injury or theft. Break and enter and/or vandalism to your automobiles or premises should first be reported to the police department.

Owners will not contact AWM's emergency service for non-emergencies or accounting inquiries. The 24 – hour answering service is not available for general inquiries concerning accounts, council policies and other matters, which would normally constitute regular administration.
